

A white cylindrical object, possibly a pen or stylus, is shown diagonally against a black background. It is surrounded by a grid of bright orange laser lines that intersect to form a grid pattern. The word "KEYNOTE" is written in large, bold, yellow capital letters across the center of the image, overlaid on the cylinder and the laser grid.

# The 1st 2008 International Perforating Symposium

An independent forum for the advancement of perforating technology

Monday, September 29 and Tuesday, September 30, 2008

The Woodlands Resort & Conference Center – Houston, Texas

This symposium directly follows the SPE Technical Conference and API 19B Meeting, allowing visitors from outside the United States to organize their visit to include attendance at all events.

## Introduction

Following the significant interest shown by members at the API meeting last month, Shell and Marathon have agreed to sponsor an International Perforating Symposium, which includes:

• Greater Symposium Perforating (half day)

International  
Perforating  
Symposium

The 7<sup>th</sup>  
International  
Perforating  
Symposium

**CALL FOR  
PRESENTATIONS**

**The 7<sup>th</sup> 2013 Asia-Pacific  
Perforating Symposium**

An independent forum for the advancement of perforating technology

Wednesday and Thursday  
24 and 25 April 2013  
InterContinental  
Kuala Lumpur, Malaysia

**Organizing Committee  
Chairman:**

Melvyn Rook  
Talisman Malaysia Limited

**Committee:**

John Davidson  
Chevron Thailand E&P Ltd.

Sunil Paliwal  
Woodside Energy Ltd.

Eric Hamlyn  
Core Lab Owen Oil Tools

Ahmad Khan  
Baker Hughes

Due to the tremendous success of the 2011 Asia Pacific Perforating Symposium held in Kuala Lumpur, Malaysia, the 2013 organizing committee has been formed to hold a regional symposium in April 2013

The organizing committee is proud to announce the second Asia-Pacific symposium which will include:

A two-day Perforating Symposium focusing on innovation and "new" technology

- Feature forum session presentations with speakers and session chairmen from the operator, service provider, manufacturing and software communities.
- There will also be several informal opportunities to network throughout the regional perforating community

## WELCOME TO PERFORATORS.ORG

Perforators.org is an independent oil field forum dedicated to the advancement of well perforation technology.

On this site you will find our meeting agendas, presentations given at past meetings, registration for upcoming meetings (active 2-3 months prior to meeting), organization contacts and links.

International Perforating Symposiums have been held biennially since 2008 in Houston. This original meeting has led to regional Perforating Symposiums in Kuala Lumpur, Malaysia, Abu Dhabi and Amsterdam.

In 2013 there are Symposiums in KL - 24th April, Bogota - 28th May and Muscat - 3rd December. There is also a one day RP67 Perforating Safety Forum, which will be held and sponsored by Shell on Thursday 9th May, before OTC in Houston.
